EDUCATION

**BS in Data Science and
Application IIT Madras**

Expected Graduation: 2029

**Class 12 (CBSE – Computer
Science)**

Kendriya Vidyalaya No.1 Air Force
Gorakhpur

Completed: 2025

CERTIFICATIONS

Google Data Analytics
Professional Certificate

Google – Ongoing

TECHNICAL SKILLS

Python

SQL

HTML, CSS, JavaScript

Data Analysis

SUMMARY

Motivated and ambitious student currently pursuing a Bachelor of Science in Data Science and Application at IIT Madras. Passionate about data-driven problem-solving, programming, and exploring advancements in AI and machine learning. Experienced in web development and data analysis, with a growing portfolio of technical projects and certifications. Committed to continuous learning and building a meaningful career in data science.

PROJECTS

Personal Portfolio Website

Developed and deployed a website highlighting programming and development projects (HTML, CSS, JavaScript).

Dice Game – Python CLI

Built a command-line dice game simulating randomized outcomes (Python).

Traffic Signal Management System

Created a Python-based traffic management system with MySQL integration.

Hotel Management System

Developed a hotel operations system with a Python/MySQL technology stack.

ACHIEVEMENTS

- Admitted to the BS Data Science & Application program at IIT Madras
- Built and launched a personal web portfolio
- Successfully completed multiple technical projects in coding and data science
